The Town of Mashpee, led by the Harbor Management Committee and the Department of Natural Resources, is embarking on the development of the Mashpee Harbor Management Plan.

The Harbor Plan serves as a guide for public and private decision making on the future of the harbor and waterfront.

Public input during the planning process is essential for the plan to reflect the community's needs and values. Members of the public are encouraged to attend to learn about the planning process, ask questions, and provide comments.
